Eligibility and Recruitment

*** 0819 Describe how you will obtain permission from subjects to participate, which includes the following information:**

- They are being asked to participate in research,
- What they will be asked to do,
- Their participation is voluntary,
- The risks and benefits of participation, and
- Who to contact with any questions about the research.

This information will be included at the beginning of written materials, such as a survey, that will be completed by subjects.

A separate study information sheet will be given to each potential subject to review. The study information sheet is uploaded in the Protocol Attachments below.
